WELCOME

Audio and Webcast

If you are registered for the call, then you can listen to the call on a computer or a phone—but you can only watch the webcast on a computer.

Need Help?

If you need assistance at any time during the webcast, please call (312) 742-1852 or email Asher.Mayerson@cityofchicago.org.

Have a Question?

If you have a question at any time during the webcast, please type in your question on the webcast by clicking “Q&A” or email your question to Asher.Mayerson@cityofchicago.org. There will be time allotted for Q&A at the end of the call.

WELCOME

Transparency

This is the 16th Quarterly Earnings Call hosted since Treasurer Summers took office. These first-in-the-nation calls are open to the public, the City Council, and anyone interested in Chicago's investment portfolio performance.

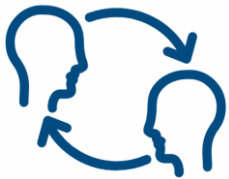

Outreach & Advocacy

During the Treasurer's 77 visits to Chicago's 77 neighborhoods in late 2014 and early 2015, residents voiced their need to be regularly engaged in our outreach and advocacy efforts. These calls are opportunities to learn about those efforts, and about how Chicagoans get involved.

Best Practices

As the primary investment manager for the City of Chicago, the Treasurer seeks to be held as accountable as any other investment management firm is to their investors. These calls have been shaped by established best practices from other investment managers.

Information & Action

These calls provide an overview of the national and local economies, the office's investment portfolio, and more, keeping Chicagoans informed about the economic and fiscal issues that affect them—and empowering them to take action.

AGENDA

01 12:00 - 12:05 PM
Welcome

CHICAGO'S ESG STRATEGY

WHY DID CHICAGO PURSUE AN ESG STRATEGY?

Fiduciary Duty

- As an investor, we are required to evaluate all factors that are material to financial performance, and ESG factors are empirically proven to reflect both financial risks and corporate fundamentals

Responsibility to Constituents

- As a government office, we are charged with serving the public and, as such, need to leverage our portfolio in ways that promote better lives for Chicagoans through investing in our city's neighborhoods and in our city's future

Annual Return Difference between Bond Portfolios with High and Low ESG Scores (Barclays)

CHICAGO'S ESG STRATEGY

WHY DID CHICAGO PURSUE AN ESG STRATEGY?

Integrating a wide range of ESG factors into our investment decisions is both financially prudent and impact driven.

Climate Change Exposure

- PG&E's bankruptcy filing due to ~\$30 billion in potential liability costs stemming from wildfires (2017/2018)

Corporate Board and C-Suite Diversity

- McKinsey study found that a 10 percent increase in racial and ethnic diversity on the senior-executive team is associated with a .8 percent rise in EBIT (2015)

Data Security and Privacy

- Equifax's data breach exposing sensitive personal information of almost 150 million U.S. consumers (2017)

Labor Rights

- XPO Logistics' allegations of turning a blind eye to sexual harassment in Memphis warehouse (2018)

...

• ...

CHICAGO'S ESG STRATEGY

WHY DID CHICAGO PURSUE AN ESG STRATEGY?

US SIF's 2018 Trends Report highlighted how ESG strategies are being increasingly used by institutional investors.

Growth of ESG Integration for U.S.-Domiciled Assets

Top ESG Criteria for Institutional Investors

- Board Issues
- Climate Change/Carbon
- Conflict Risk
- Executive Pay

CHICAGO'S ESG STRATEGY

WHAT IS CHICAGO'S APPROACH?

Pillar 1: Use a customized ESG model that takes into account the unique priorities of Chicago's residents.

Step 1: Procure ESG Data

- Data provider was selected for high level of coverage across securities in the investible universe

Step 2: Select Key Factors

- Out of 700+ raw data factors, ~170 were identified as particularly material to financial performance or important to the public interest

Step 3: Develop Weighting Mechanism

- Model overweights these ~170 factors at different levels in the scoring process

Step 4: Implement Model in Decision-Making Process

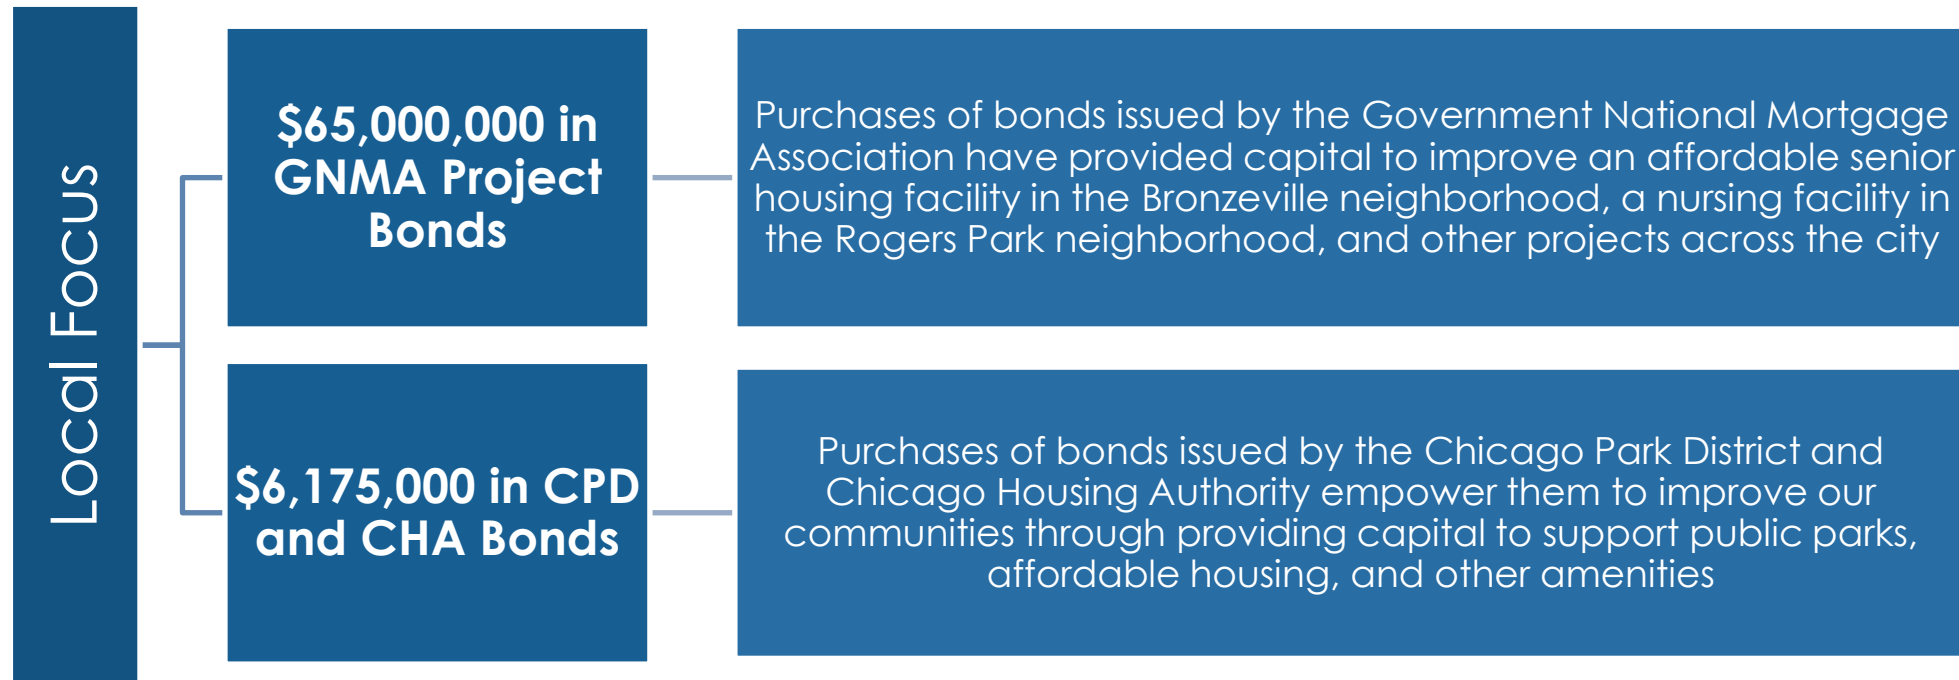

- Model integrated into investment decision-making process on 100% of corporate bonds as of summer 2018

CHICAGO'S ESG STRATEGY

WHAT IS CHICAGO'S APPROACH?

Pillar 2: Maintain an intense focus on putting taxpayer dollars back into neighborhoods to increase quality of life for Chicago's residents, while also earning market-rate returns.

CHICAGO'S ESG STRATEGY

WHAT IS CHICAGO'S APPROACH?

Pillar 3: Create accountability mechanisms through meaningful benchmarks.

Carbon-Neutrality

- Offset legacy investments in top publicly-owned coal, oil, and gas reserve owners with investments in environmentally-friendly securities

Overall Portfolio Score

- An ESG rating for the portfolio, akin to an average credit quality rating

UNPRI

- A lasting commitment to the United Nations-supported Principles for Responsible Investment

CHICAGO'S ESG STRATEGY

WHAT WOULD BE THE COLLECTIVE IMPACT IF ALL PUBLIC TREASURIES TOOK STEPS TOWARD ESG INTEGRATION?

With almost 100,000 governmental bodies in the U.S. holding \$3.1 trillion in assets, we have a unique opportunity to leverage our collective financial power to shape the future of corporate behavior.

Breakdown of Financial Assets Held by State and Local Governments (Q3 2018)

Public treasury assets, which are primarily short-term and fixed-income, have an inordinate impact on financial markets

11x more fixed-income issuances than equity underwriting in 2017 (\$7.6T vs. \$0.7T)

60% of fixed-income issuances in 2017 had **duration under 5 years**

CHICAGO'S ESG STRATEGY

WHAT ARE MY OPTIONS, AND HOW CAN I LEARN MORE?

What are my options?

- Find individual securities with strong ESG benefits
- Place ESG requirements on outside investment managers
- Procure standard ESG model from existing data provider
- Build customized ESG model

How can I learn more?

- Contact us at City.Treasurer@cityofchicago.org
- Get engaged with organizations like CII, UNPRI, and US SIF
- Save the date for a March 27th US SIF Trends event in Chicago, IL
- Look ahead to our forthcoming release of a white paper on ESG integration for public treasuries
